## IT CLOSED TODAY

SUMMER SESSION JUST FINISHED  
MOST SUCCESSFUL TERM.

## WILL VISIT COUNTIES

Teacher From Normal to Visit Schools  
of Each County in Normal District  
in Interest of the School.

The summer term of the Normal closed today, after holding its most successful term. At the assembly this morning Ira Richardson, president of the school, gave a short address in which he praised the students on their conduct generally, on their interest in the school and on their faithfulness in their work. He also spoke that what was wanted was quality of work in the school instead of mere numbers, and with quality, a large attendance is assured. Mr. Richardson said: "Let everybody be a booster for the Normal."

The students who had finished the work this quarter outlined for life diplomas were granted their diplomas this morning by President Richardson. They were: Julia Denny, Elizabeth Hinote, Lena Juanity Judy, Josephine Keeler, Elizabeth J. McCormick, Edith V. Neal, Laura Ozenberger, J. P. Ross, Donna Sisson, Lawrence A. Zelliff.

The students who finished the elementary course were read by President Richardson. They are:

Elementary certificate — E. R. Adams, Edna Bonewitz, Mamie Burks, Eva Cail, Grace Campbell, Amy Callahan, Margaret E. Collins, Elizabeth Cook, Amy Casebeer, Samuel Cox, Mae Davis, Faye Dryden, Grace Dungey, Leora Ellwood, Elynn Ebersole, Marjorie L. Etchison, Mabel Falke, Mary E. Falke, Mary Cordelia Halasey, Hattie Hall, Helen M. Helphy, Randall Johnson, Gretchen Jennings, Mrs. Arbel Lincoln, Wilda Leazenby, Vesta Morris, Vivian Mossbarger, Mary Martin, Lucy B. Neville, Helen Nixon, Blanche Pollock, J. W. Pierce, S. C. Richeson, Henry D. Stewart, Mrs. Nettie Stuart, S. W. Skelton, F. Esther Wilson, Alice Worst, Minerva M. Ward, Edith Wells, Myra Hope.

Special certificates — Miss Maye Hotchkiss, home economics; Verdia Miller, art.

Nearly all of the Normal students will leave for their homes this afternoon and evening.

The fall term of the school will begin September 15, which is a little later than usual. Beginning September 8 one Normal teacher will be placed in each county of the Normal district for the purpose of visiting as many schools as possible. A larger and better fall term is expected.

### Visited His Mother.

Jesse Perkins of Fairfax, who has been visiting his mother, Mrs. Harry S. Renshaw, returned home Tuesday morning. Mr. Perkins has been employed for two years in the People's bank of Fairfax.

## BIG TENT IS UP.

Seats and Platform for Chautauqua  
Being Built and Everything Will  
Be Ready Opening Day.

With Chautauqua three days off, the big auditorium tent is up, the seats and platform are being built, the campers' tents will be put up as rapidly as possible, and the grounds are closed to all except those having business there. The gates are shut at night and automobiles or others cannot drive through the grounds.

A change has been made in the management of the dining tent. The women of the Methodist church, who were to have served the meals, could not get enough help and were forced to give up the management of the tent. It has been taken over by Albert Binter, who will hire his own force of cooks and waiters to prepare and serve three meals daily.

## JUST A FEW ON THE TOUR.

Seven Cars Made the Run to Burlington Junction and Clearmont Tuesday Evening.

Burlington Junction and Clearmont were the towns visited by the Chautauqua boosters Tuesday evening in the third of the twilight advertising tours. The excessive heat of the day caused many of the people who had intended to go to stay at home, so only seven cars made the trip. The band was taken along and played.

Those who went were Leo Atherton, Lloyd Miles, Lou Denny, Paul Denny, Mel Atherton, Kirby Taylor, George Robb Ellison, Miss Susie Ellison, Mr. and Mrs. Ferdinand Townsend, Ed Schumacher, Mr. and Mrs. Ed Curfman and family, Mrs. Ed Dale, Mr. and Mrs. George Conrad, Mr. and Mrs. Arch Frank and daughter, John Lanning, Prof. T. B. Maulding, Paul Basford, Joe Brewer, John Bramble, Charles Thorp, Harold Maulding, Albert Butherus, Joe Cannon, Leo Moody, William Osborn.

Another run will be made on Thursday evening by the Chautauqua boosters, when they will visit Skidmore, Maitland and Graham.

## APPORTIONMENT FINISHED.

Special Aid Measure for Weak High Schools Brings \$1,120 of State Money to Nodaway County.

W. M. Evans of Jefferson City, state superintendent of schools, has made the apportionment for the special aid fund for rural districts and high schools of the state under laws passed by the last legislature. In order to obtain this money the districts must have levied 65 cents on the assessed valuation for school purposes which does not enable them to maintain an eight months' school term. Not more than \$100 is apportioned to any one district.

The total amount of this state aid is \$150,730.60.

The total amount of the appropriation for weak high schools amounts to \$85,169.33. Of this amount, \$31,913.22 is unconditioned, while \$50,256.11 is on the condition that certain requirements be met by the high schools.

Nodaway county will receive \$1,120.71 from the state for a number of rural school districts.

Among the high schools receiving state aid and the amounts are the following: Barnard, \$340; Hopkins, \$600; Skidmore, \$720.

The following are the conditional high schools in the county and the amounts they will receive: Burlington Junction, \$540; Pickering, \$340.

## Died of Hardened Arteries.

O. E. Bugby, a day laborer of this city, died Tuesday afternoon at the home of his sister, Mrs. David McLarnon, East Second street. Mr. Bugby had been ill for a long time from the gradual hardening of arteries and veins. The funeral services were held Wednesday afternoon at 2:30 o'clock by Rev. J. D. Randolph of the Buchanan Street Methodist church. Burial took place in Miriam cemetery.

A brother of the deceased, E. M. Bugby of Omaha, is here for the funeral.

## Miss Mary Baker of Trenton, Neb.

who has been visiting her sister, Mrs. J. M. Northcutt, went to St. Joseph Wednesday morning to visit Mrs. James Roach.

Mrs. C. M. Shopbell of Pickering came Wednesday morning on a visit to her daughter, Mrs. Vern Dixon.

Clarence Neville of Lebanon, Kan., is visiting the family of his aunt, Mrs. W. A. Holliday.

## CONCERT TUESDAY

THE EMANCIPATION CELEBRATION  
STARTED THE DAY BEFORE.

## CROWDS CAME AT NOON

Celebration Held in the Court House  
Yard—Speeches by Nelson Crews  
and Dr. Ricketts.

The Emancipation Day celebration started Tuesday evening with a band concert by the First Regiment, K. of P. band of Omaha, which lasted until near 10 o'clock. This morning the celebrators were not much in evidence, and music by the band was the only thing in the way of a program. But by the time the noon trains arrived a good crowd had come to town, and this afternoon's program had a full attendance.

At 2:30 o'clock the speaking began. Hon. Nelson Crews of Kansas City and Dr. M. O. Ricketts of St. Joseph delivered the addresses. They were introduced by C. C. Baker of this city. This part of the program included a reading of the emancipation proclamation by Miss Isabel Palmer and a recitation on education by Miss Frankie Tillman.

At 4 o'clock the Black Wonders and Owls played ball in the Harrison park, east of town.

Tonight's entertainment will consist of a dance at the armory, a concert by the Maryville Concert band and a special picture show at the Empire theater.

Special cars of celebrators came in today from St. Joseph and Omaha. A large number of people came from Oregon in autos. Others came from Gallatin, Mo.; Gravity, Bedford and Blanchard, Ia.

## TO GET OUT A HISTORY.

A Narrative Account of the Progress,  
the People and the Principal Interests  
to Be Written.

A history of Northwest Missouri, containing a narrative account of its historical progress, its people and its principal interests, will be issued soon under the editorship of Dean Walter Williams of the school of journalism, University of Missouri, Columbia. It will be issued in three volumes and will be illustrated.

Nodaway county will be represented in the history.

The advisory and contributing editors are C. L. Ficklin of Maysville, Rev. Edward Henry Eckle of St. Joseph, William H. Hamby of Chillicothe, Howard W. Mills of Mound City, Ray V. Denslow of Trenton, Mrs. S. E. Lee of Savannah, Col. W. T. Jenkins of Platte City, M. F. Stipes of Jamesport, H. F. Stapel of Rock Port, Edmund McWilliams of Plattsburg, J. W. S. Dillon of Grant City, Hon. Sam A. Clark of Carrollton, Floyd C. Shoemaker of Columbia, James Todd of Maryville, Jewell Mayes of Richmond and Rev. Dr. W. R. Dobyns of St. Joseph.

## FATHER ANSELM BETTER.

A Short Note From His Hand Tells of  
Regaining Strength.

Maryville friends received a brief note Tuesday from Rev. Fr. Anselm of St. Mary's church, assuring them of his improvement at the hospital in Lucerne, Switzerland.

The note was dated July 17 and he was writing during the ten minutes he was being allowed to sit up for the first time since his surgical operation. He sent love and kindest greeting to all his parishioners and friends.

A postscript added by Father Anselm's brother said he expected to remove Father Anselm to his mother's home July 24, and ten days later he would take him to the Lucerne Springs for the baths, which would quickly restore him. This is gratifying news to this good minister's friends.

## A RECEPTION TO TEAM.

The Wage Earners Class Gave One to  
Buchanan Street Sunday School  
Base Ball Team.

The Wage Earners class of the Buchanan Street Methodist church gave a reception Tuesday evening in the pastor's study to the members of the Sunday school team who are playing in the Sunday school base ball league. A social good fellowship time was had and the meeting was attended by thirty. Refreshments were served.

COURT ISSUES PROCLAMATION  
FOR GOOD ROADS DAYS.

## KANE GOT HIS LICENSE

## PROCLAMATION.

Recognizing the benefits to be derived from well constructed highways, properly maintained at all seasons of the year, and bridges of permanent nature, safe at all times, and believing that much immediate and lasting benefit can be derived from concerted action and the inspiration gained by the knowledge that all have a part in giving a great impetus to so great a movement; and whereas, our good Governor Major has issued a proclamation designating August 20 and 21 as good roads days throughout the entire state, we, the county court of Nodaway county, issue this supplementary proclamation, designating August 20 and 21 as good roads days throughout Nodaway county.

Governor Major has personally urged that we do our best, and as we are already rated the banner agricultural county in the state, there is no reason why we should not have the best roads in the state.

We would urge township boards to outline the work and organize the crews before the day arrives. Also all roads should previously be cleaned of weeds and brush, that the work may progress with best results.

All business cares should be laid aside for the time, and let every man appear in person equipped with such tools as he can use for the betterment of the road.

We also endorse the governor's suggestion that the ladies lighten the labors by liberally supplying the workers with good things to eat and drink, and hope that all will enter into this work with a spirit that will make it both a pleasure and a profit and an event that we may be glad to repeat each year.

JOHN G. THORNHILL.

E. T. BAILEY.

FLOYD WESTFALL.

Judges County Court.

The above proclamation was issued Wednesday by the county court for good roads days, August 20 and 21, at which time work will be done on the roads in this county and also all over the state.

The court in session Wednesday approved the trustees' settlements of school money of S. B. Garnett of Monroe township, Fay H. Casteel of Jackson township, Grant Elrod of Lincoln, James Stewart of Grant, H. D. McDonald of Green, W. E. Brittain of Washington.

The court granted a saloon license to John Kane on Wednesday. The license is for six months.

The court ordered that the W. A. Edwards application for a private road in Hopkins township be granted. The report of the special commission, composed of H. E. Wright, T. L. Wilderman and George Hartley was approved.

## ON EASTERN TRIP.

Mr. and Mrs. G. B. Holmes and Dr. and Mrs. D. R. MacLeod to Visit  
Many Points There.

Mr. and Mrs. G. B. Holmes and Mr. and Mrs. D. R. MacLeod will leave Saturday, August 16, for a few weeks' visit in the east, during which time Mr. Holmes and Dr. MacLeod will attend the annual convention of the agents of the North American Life Insurance company at Alexandria bay, on the St. Lawrence river. They will join the special car at Kansas City and go to Chicago, at which place they will take the company special train over the Michigan Central. A stop will be made at Niagara Falls, and from that place they will go over the Gorge Route for Lewiston and take the boat there for Toronto. From Toronto a boat will be taken to Alexandria bay, where the convention will be held. Mr. and Mrs. Holmes will also visit at Troy, N. Y., with Mr. Holmes' sister, Mrs. James I. Eddy.

Dr. and Mrs. MacLeod will make the return trip by boat from Buffalo to Detroit.

## DEATH OF MRS. ED SHREVE.

Pickering Woman Passed Away  
Wednesday Morning After a Long  
Illness—Funeral Thursday.

Mrs. Ed Shreve died Wednesday morning at 2 o'clock at her home, two miles northwest of Pickering, after an illness of many weeks, of a complication of diseases. She was about 32 years of age. She is survived by her husband, her parents, Mr. and Mrs. Paul Rannels, and a brother, Walter Rannels, all of Pickering.

The funeral services will be held Thursday morning at 11 o'clock at the M. E. church of Pickering, conducted by Rev. H. J. Ducker.

## AUTO ACCIDENT NEAR GRAHAM.

Car of John Hansen Backed With  
Family Into a Ditch—Mrs. Hansen  
and Daughter Have Broken Arms.

As John Hansen and his family of near Graham were returning to their home from Graham Tuesday evening about 7:30 o'clock, the engine of their car stopped as they went over a bridge. Mr. Hansen got out to start the engine, when the car backed into a ditch and turned completely over, pinning Mrs. Hansen and their six children under the car.

Mrs. Hansen had one of her arms broken in two places and one of the little girls had one of her arms broken. The others escaped with severe bruises, and Mr. Hansen was injured, other than a severe shock from the fright he endured when he thought his family was killed or fatally injured. The accident occurred three miles east of Graham.

## HEAT RECORD BROKEN.

Thermometer Reached 108 at 4 o'clock  
Tuesday and Smashed Previous  
August Records.

The heat record was broken Tuesday for this summer, when the government thermometer registered 108 degrees at 4 o'clock. During the twenty years that the weather records have been kept, 108 is the highest mark that has been registered, once on July 5, 1911, and the other time was Tuesday. However, the record Tuesday is the highest for the month of August since the record has been kept.

On Tuesday the thermometer registered 105 at 1 o'clock, at 2:30 o'clock it was 106, and at 4 o'clock 108.

Up to the present time there have been nine days this summer when the thermometer has been 100 or above. These days are as follows:

July 14.....100	July 29.....103
July 15.....101	July 30.....103
July 16.....105	August 4.....109
July 17.....101	August 5.....108
July 17.....100	August 5.....108
July 26.....102	

The weather today is much cooler and the forecast is still for fair weather. It was 94 at 2 o'clock this afternoon.

## HAVE A SICK BENEFIT.

Wage Earners Class of Buchanan  
Street M. E. Church Establishes  
Insurance Feature.

A Sunday school class with sick benefit insurance for its members, such is the Wage Earners class of the Buchanan Street Methodist church, the insurance feature going into effect this week. There are now fourteen applications and many others will join shortly.

The organization in charge of the insurance feature is known as the Wage earners sick benefit insurance. The officers are M. A. Peery, president; J. H. Thorp, vice president; Fred Truitt, secretary treasurer, and R. E. Hamilton, medical examiner.

A medical examination has to be passed before any one can become a member, and the examination is along the lines as required by lodge insurance companies. Any member of the Buchanan Street Methodist church Sunday school between the ages of 15 and 60 can become members. The assessments per member will be 50 cents until the membership reaches a certain number, when the assessments will be cut down, according to an established schedule. For instance, if one member is sick and there are fourteen members in the organization, he will receive \$7.

The Wage Earners class of that church has become well known on account of its social good time and fellowship. In addition to its meeting every Sunday morning, a weekly meeting is also held.

Mrs. Clara Stewart, living north of Maryville, returned Wednesday morning from a visit at Hopkins with Mrs. J. L. Downer.

## ON SAMMY'S PONY

MISS NELLIE WRAY VISITS SCENE  
OF FAMOUS NOVEL.

## EXPLORED PETE'S CAVE

Harold Bell Wright's Great Story Will  
Have New Significance For Vis-  
itor in South Missouri.

J. Arthur Wray received a letter this morning from Miss Nellie Wray, who has been spending her vacation in the Ozarks with Curtis Wray and family at Springfield, Mo. She wrote that she would be home Friday.

In the letter Miss Wray tells of a trip she took out of Hollister, Mo., over the "Shepherd of the Hills Trail." Harold Bell Wright's novel, "The Shepherd of the Hills," has its setting laid in the country around Hollister, and the trail has become famous since the appearance of the book. The originals of some of the characters in the book live there and are objects of interest to all tourists.

Miss Wray said that she made the trip on Browne, alleged to be Sammy Lane's own pony. The Lane cabin was visited, dinner was taken at the Mathews place, and Pete's cave was explored. The cave is an interesting place, and in some parts extends 500 feet below the surface of the ground.

The nights are so cold there that blankets have to be used, Miss Wray said, and she added that she had been feasting on an abundance of ripe peaches and grapes.

## THE BARNARD PICNIC.

Will Open Thursday for a Three Days'  
Session—Ladies Band to Fur-  
nish the Music.

Arrangements are nearly all completed for the Barnard picnic, which opens Thursday and continues until Saturday evening.

The committees who have the picnic in charge announce that they have every reason to believe that this year's picnic will exceed all previous picnics in attendance and a general good time. There are more strangers in Barnard at the present time than any previous year, some of them from Colorado. The Barnard annual picnic is always a home-coming time, too, for former residents, and they have commenced coming earlier this year than usual.

The concessions on the picnic grounds west of the town have been sold at a higher price than ever before, and applications were still coming in Wednesday afternoon. There is but one possible hindrance to a large attendance, and that is the dry weather, which may keep many from coming.

The program has not been fully assembled and the speakers will not be announced until Thursday. The first day will be given over to the people to do with as they please, and the Maryville Ladies Military band will give three concerts and furnish the music for the two following days.

The Alexanders, in comedy acrobatic feats will give morning and evening performances, and the Jubilee trio will give a program morning, afternoon and night, of singing, dancing and banjo playing each of the three days.

## Death of a Baby.

Mr. and Mrs. Will Partridge, living near Pickering, are bereaved of their infant child, whose death occurred Wednesday morning. The funeral services will be held at the Partridge home, two and a half miles southeast of Pickering, Thursday afternoon at 3 o'clock.

Red letter days in Missouri—August  
20th and 21st.

Meet me at the worst place in the  
big road, Wednesday and Thursday,  
August 20th and 21st.

Let everybody get the good road  
fever. Lay out the work to be done  
and assign every man to his place, to  
the end that there may be no delay or  
lack of system. Make every hour of  
those two August days count for bet-  
ter roads.

#### It Depends On Roads.

In stirring up Missouri on the good  
roads question, Governor Major is not  
introducing any dangerous innovation.  
He is simply going back to first prin-  
ciples. The story of victorious civiliza-  
tion is the story of its roads.

Of all ancient peoples, the Romans  
scarred the record of their power and  
dominion most deeply upon history, for  
they built the best roads. The Roman  
Forum began as a market place in a  
low spot among hills, which grew up  
on either side of a cobblestone road—the  
"Golden Way." Poor as that high-  
way was, it was centuries ahead of the  
best contemporary road making else-  
where. The power of Rome grew  
with the extension of its roads until  
the Golden Milestone in the center of  
the Forum was at once the starting  
point and the destination of the great-  
est and best road system of ancient or  
modern times. The real advance agent  
of Roman civilization was not the leg-  
ionary; it was the road engineer. The  
secret of Roman military greatness  
was not in the stones of its fortifica-  
tions; it was in the paving blocks of  
its roads.

We Americans have developed the  
most efficient railroads and the worst  
country roads on the globe. In rail-  
roads capable of handling a large ton-  
nage economically, we lead the na-  
tions; in the average goodness of our  
rural highways, we are generations  
behind the Incas, those enlightened  
barbarians whom Pizarro found  
threading the canons and climbing the  
slopes of the Andes in the dawn of  
the sixteenth century. From popula-  
tion center to population center Amer-  
ican transportation is excellent; from  
field to population center it is execra-  
ble. Our civilization's great task to-  
day is the evening up of the excellence  
of our transportation facilities by  
making our roads worthy of our rail-  
roads.—St. Louis Republic.

#### DEATH AT QUITMAN.

Mrs. Ruth Davis of That Place Dies  
After an Illness of Thirty Years—  
Funeral Thursday Morning.

Mrs. Ruth Davis died Tuesday even-  
ing about 7 o'clock at her home in  
Quitman, from an attack of cholera  
morbus, which was the direct cause of  
her death, although she had been ill  
for thirty years from a cancer on one  
of her shoulders.

The funeral services will be held  
Thursday morning at 9 o'clock at the  
Christian church in Quitman, con-  
ducted by Rev. Polly of Skidmore.  
Mrs. Davis had been a member of the  
Christian church for over fifty years.

Mrs. Davis' maiden name was Ruth  
Roberts. She was born in Vermillion  
county, Indiana, July 25, 1835. When  
9 years old she moved with her par-  
ents to Nodaway county, Missouri. On  
September 25, 1857, she was married  
to Mahlon Davis of Quitman, and she  
had lived in and near Quitman ever  
since that time. The husband's death  
occurred seven years ago. Five chil-  
dren survive and were at their  
mother's bedside when she passed  
away. They are Mrs. Laura Fountain  
of Denver, Col.; Henry and Sanford  
Davis, who made a home for their  
mother at Quitman; William Davis of  
Rock Port, Mo., and Mrs. W. J. Smith  
of Eureka, Cal. Beside these Mrs.  
Davis leaves six grandchildren, eight  
great grandchildren and four brothers  
and four sisters: John Roberts, ad-  
dress unknown; William Roberts, in  
Iowa; Henry Roberts, in Kansas; Da-  
vid Roberts, in Oregon; Mrs. Betsy  
VanSickle of Elnor; Mrs. Barbara  
Jones, in Iowa; Mrs. Susan Watson, in  
South Missouri; and Mrs. Maria Ham-  
lin of Leavenworth, Kan.

#### EXPOSES FOOL'S GOLD FRAUD.

State Geologist Explains Frequent  
Mistakes in Minerals.

The following bulletin is issued by  
the Missouri bureau of geology and  
mines:

Fortunes have been wasted in fu-  
tile attempts to mine "fool's gold" and  
thousands of dollars are spent annu-  
ally in an endeavor to develop prop-  
erties upon which rocks or minerals  
occur having the appearance of valu-  
able metals or having been reported  
as valuable by unscrupulous pro-  
moters and assayers.

Missouri has a variety of such min-  
erals and rocks, according to State  
Geologist H. A. Buehler and fake pro-  
motions have been made in this state  
on the similarity of appearance.

One of the most stupendous frauds  
perpetrated in Missouri was the great  
tin mine promotion in the granite re-  
gion of southeast Missouri, many years  
ago. One of the dark, fine grained  
igneous rocks which resembled tin ore  
was passed off as valuable to unsus-  
pecting citizens and fortunes were  
squandered in stock before the fake  
was discovered.

Hundreds of specimens, received  
from citizens throughout the state, are  
examined yearly by the state geologist  
free of cost. Many of these prove val-  
uable and indicate deposits of com-  
mercial size while others are samples  
which only have the color or appear-  
ance of important minerals and look  
like copper, gold, silver or iron.

The yellow color of pyrites of iron,  
commonly known as "fool's gold," has  
caused the waste of thousands of dol-  
lars on useless prospecting. Yellow  
stain on rocks is frequently taken for  
gold and small specks of yellow mica  
in sandstones and decomposed gran-  
ites have caused much excitement in  
many parts of the state.

The white marcasite, a sulphide of  
iron, has a metallic color much like  
native silver. It is often confused  
with this metal but can easily be told  
by the fact that it will break to a  
powder when struck with a hammer,  
while silver is malleable and will flat-  
ten into a sheet. The silver produced  
in Missouri is contained in small quan-  
tities in the lead ores and its presence  
can only be determined by an assay.

Oxidized ores of copper are found  
in the southern part of the state and  
the green color of this mineral is  
striking, yet many of the green silicate  
minerals are often taken for copper  
ore. The copper ore will dissolve in  
acid and will deposit copper on a nail  
placed in the solution. The silicate  
minerals will not respond to this test.

Chert and limestone are frequently  
mistaken for other more or less val-  
uable minerals. The white chert is  
often taken for "tuff" or "heavy spar,"  
as barite is ordinarily called. This  
mineral is white and similar to pure  
chert but is much heavier. Both lime-  
stone and chert are sometimes mis-  
taken for the white carbonate of zinc  
and lead sulphate or "dry bone."

Many oil excitements are the result  
of finding a small seam on the surface  
of stagnant pools having every appear-  
ance of kerosene. The seam is the re-  
sult of iron in the water and is in no  
way connected with oil or gas pools.  
If collected in a glass or bottle this  
material soon sinks to the bottom as a  
brownish-red precipitate while crude  
oil will continue to float. This simi-  
larity to an oil seam is often used by  
the promoter to show the presence of  
oil.

The state geological survey at Rolla,  
Mo., is maintained for the purpose of  
giving the citizens of the state accu-  
rate information regarding our min-  
eral resources. Samples sent this bu-  
reau will be examined and their prob-  
able value determined free of cost.

from a several weeks' visit with Mrs.  
Wray's mother in Chicago.

#### Left On Vacation.

Miss Beulah Brunner of the State  
Normal faculty went to Warrensburg  
Wednesday morning and from there  
will go to Toledo, O., to spend her va-  
cation at Lakeside.

#### A Chautauqua Guest.

Miss Selma Young of Creston, Ia.,  
arrived Tuesday evening to visit until  
after Chautauqua with Miss Cornelia  
Hurst of St. Charles, Mo., who is the  
guest of Squire and Mrs. W. L. John-  
son.

#### On Visit to Kansas.

Miss Elizabeth Murray, who re-  
cently returned from a three years'  
service as a teacher in Assuit, Egypt,  
left Wednesday morning for a few  
days' visit with friends at Mayeta,  
Kan.

#### Visitors From Ottawa.

Mr. and Mrs. Charles T. Porter and  
son of Ottawa, Kan., are visiting Mrs.  
Porter's parents, Mr. and Mrs. J. W.  
Shipps, five miles south of Maryville.  
Mr. Porter will return in a few days  
but Mrs. Porter will spend a month  
here.

#### A Birthday Dinner.

Mrs. Gallatin Craig entertained a  
company of relatives at dinner Tues-  
day to observe the twenty-first birth-  
day anniversary of her son, Albert  
Craig, a Purdue university student,  
who is at home for the summer. Plates  
were laid for Mr. Albert Craig, Mrs.  
John Lieber, Mr. and Mrs. O. L.  
Holmes, Messrs. Lieber, Hosick and  
Harry Holmes, Miss Laura Craig and  
the hostess.

#### For St. Joseph Visitor.

Miss Allie Fraser and Justine Marie  
Fraser entertained informally Wednes-  
day afternoon in honor of Catharine  
Arbery of St. Joseph, who is the guest  
of Miss Marian Sanders.

#### ALFALFA SPECIAL IN COUNTY.

Stops Made at Clearmont, Burlington  
Junction, Quitman and Skidmore.

The alfalfa special is in Nodaway  
county again, this time in the west  
half. Clearmont was the first stop  
made today. The train was there from  
8 a. m. to 10 a. m. The rest of the  
day's schedule, was Burlington Junc-  
tion, 10:30 to 12:30; Quitman, 1:30 to  
3:30; Skidmore, 4 to 6; Maitland, 7:30  
to 9:30.

Four meetings were held at Clear-  
mont this morning. One in town, and  
the others at the farms of Jake Burch,  
William Lemon and C. S. Johnson.  
They were all well attended.

A Burlington Junction thirteen  
autos met the train to take the speak-  
ers to the farms of C. D. Caldwell,  
Enos Fast and Albert Shackelford,  
where many farmers were waiting to  
hear them.

The meetings at Quitman were be-  
ing held at the time this paper went  
to press.

#### BARNARD ITEMS.

Mr. Arthur Straitor, who has been  
sick for the past three weeks, is now  
in a very critical condition. Unless his  
condition is changed immediately he is  
not likely to recover.

Prof. Hooper, who is the principal  
of our school here for the coming year,  
returned yesterday with his wife. They  
have been visiting in Ohio and Penn-  
sylvania most of this summer.

Rev. Dewitt is expected to return  
from Colorado with his daughter Zella  
within the next week.

Rev. N. E. Bottom, pastor of the M.  
E. church of Bolekow, Mo., will preach  
at the M. E. church in Barnard, Mo.,  
Sunday, August 10, both morning and  
evening. Rev. W. E. Royston will also  
preach in Bolekow on that day, as  
both pastors arranged the change  
some time ago.

Mr. Tommie Hubbard, who acci-  
dentally got his limb cut very badly  
last Thursday, is getting so he can get  
about again.

Mr. Charles Humbert has been on  
the sick list for the past few days, but  
was able to go on the mail today.

Many of the people are arranging to  
attend the Maryville Chautauqua from  
here. The people were very well  
pleased with the talent furnished by  
the Jones system at the Chautauqua  
here, but they are pleased that they  
may have the opportunity of attending  
a larger and stronger Chautauqua as  
represented in Maryville.

Dr. Thompson, who has been away  
to Chillicothe, Mo., studying telegra-  
phy, has returned home for a few days'  
visit.

Mr. Jake Deering and wife of Okla-  
homa City, Okla., are visiting at Mrs.  
Emma Deering's this week.

## PHONE STRIKE IS SETTLED

Maintenance Men and Girl Operators Return to Work.

**NO REFERENDUM VOTE TAKEN**

Result Announced After Stormy Meeting of Strikers—Eight-Hour Day Granted—Companies Will Not Discriminate Against Union Men.

St. Louis, Aug. 6.—Settlement of the strike of maintenance men and girl operators of the Southwestern Telegraph and Telephone company (Bell lines) was announced after a stormy meeting of the strikers, in which the officials of the International Union of Electrical Workers told the strikers that the settlement had been effected without submitting the terms to a referendum vote. The executive committee of the union, it was announced, had authority to settle the strike without a referendum, and such settlement had been made.

The strike has been in effect seven weeks and resulted from the discharge of thirty-two operators. The leaders of the union claimed that they had been discharged because of union activity and that their dismissal was an attempt on the part of the company to prevent the organization of the girl operators. About ten or fifteen of these girls, it is announced, will not be taken back.

The terms of settlement provide: That the striking girls singly should make applications for reinstatement at the exchange where they last worked and that the maintenance men should make application singly at the main office; that the eight-hour day be placed in effect; that those who did not perform overt acts against the company and were not convicted by the courts will be given preference upon applications for reinstatement, but without discrimination against holders of union cards as such.

## BANK EXAMINER AT WORK

McAdoo Seeks Proof to Sustain Charges Against Bankers.

Washington, Aug. 6.—Secretary McAdoo is conducting an investigation to obtain evidence to sustain his charge that the recent sharp decline of United States 2 per cent bonds was due "almost wholly to what appears to be a campaign waged with every indication of concerted action on the part of influential New York city banks to cause apprehension and uneasiness about these bonds, in order to help them in their efforts to defeat the currency bill."

National Bank Examiner Starek, in New York city for several days, has been collecting data concerning purchases and sales of the 2 per cents by the big banks of New York, with the purpose of determining, it is understood, whether there has been any unusual transactions in those securities. This move was induced, it is believed, by the attacks on the secretary for expressing the opinion of a probable concerted effort in New York city to depress the 2 per cents, and demands for his proof.

Resolutions to investigate the situation are pending in congress and it is thought the secretary is preparing himself for inquiry, if it is ordered.

## Lightning Splinters Bed.

LaCrosse, Wis., Aug. 6.—George Barber, well to do Mindoro business man, is a sound sleeper. There was a terrific storm at Mindoro, fifteen miles above here, and a bolt struck the room in which Barber was sleeping, tearing the plaster from the walls and splintering the bed on which he lay. The family rushed to his room, expecting to find him dead, but found him sleeping and uninjured. When awakened he complained of "bad dreams."

## Two Russian Aviators Killed.

St. Petersburg, Aug. 6.—Two Russian military aviators, Lieutenant Polikarpoff and his mechanic, were killed at the Krasnovo Selo camp when a wing of their aeroplane broke at a great altitude. The machine turned over and threw them out.

## Athabasca Has \$750,000 Fire.

Athabasca Landing Alta., Aug. 6.—Fire, which started in the rear of the Union hotel here, destroyed that building, the Athabasca hotel, thirty stores, several banks, two newspaper plants, warehouses, railway cars and several dwellings, with a loss of \$750,000.

## Diaz Is Still Making Paris His Home.

Paris, Aug. 6.—There is no truth in the report published in the United States that General Porfirio Diaz left Southampton July 15 for Japan to meet his nephew, Felix Diaz, and accompany him back to Mexico. The former president is still in Paris.

## Chicago Police Women Get Stars.

Chicago, Aug. 6.—Chicago's ten police women, clad in modest blue tailor made suits and wearing silver stars and hats with blue bands, went on duty. Their work will be mainly to look out for women and children.

## Samuel W. Williams Dead.

Vincennes, Ind., Aug. 6.—Samuel W. Williams, candidate for vice president of the United States on the Populist ticket in 1908, died here, following an operation for appendicitis. Mr. Williams was sixty-two years old.

## CURRENCY BILL IS APPROVED

### Measure Emerges From Conference With Three Blackballs.

### ELEVEN MEMBERS ARE FOR IT

Senator Hitchcock of Nebraska Says Mere Agitation of the Question During This Session of Congress Has Been a Mistake.

Washington, Aug. 6.—The administration currency bill, still further amended in important particulars, emerged from the Democratic conference of the house banking and currency committee over the protests of Representatives Neeley of Kansas, Eagle of Texas and Ragdale of South Carolina. At the end of a lively session, in which the Democratic objectors promised to carry their fight to the floor of the caucus next Monday, the Glass bill was approved by a vote of 11 to 3.

Earlier in the day President Wilson's currency program had come in for open criticism in the senate. Senator Hitchcock, Democratic member of the currency committee of that body, in a speech directed against the plan for currency reform, at this session, said he believed "the mere agitation of the banking and currency question at this session has been a mistake."

### BONDED WAREHOUSES FULL

Tariff Legislation Responsible for Great Stocks on Hand.

Washington, Aug. 6.—Bonded warehouses at various ports in the United States are fairly bursting with the great stocks of foodstuffs and merchandise awaiting withdrawal by their owners. The facts are set forth in a statement by the bureau of foreign and domestic commerce, which declares that goods to the value of \$105,928,884 were in the warehouses June 30 last, as against stocks to the value of \$72,246,878 June 30, 1912. Two-thirds of the treasure is in the government's possession in the port of New York.

Sugar, leaf tobacco and raw wool make up a heavy part of the stores. Chemicals, manufactures of fiber, chiefly burlaps and linens; silks, fruits and nuts and manufactures of iron and steel also are heavily represented. The approaching enactment of tariff legislation by congress is held responsible for the great stocks on hand.

### ADVISED TO USE SHOTGUNS

"Good for Society if More Wives Shoot Abusive Husbands," Says Judge.

Oakland, Cal., Aug. 6.—"I advise you to get a shotgun and fill it full of buckshot, and if you have reason to believe that this man is going to shoot you, kill him first," said Judge R. B. Tappan of Alameda, in the local police court, in advising Mrs. Minnie Rowe. "If more wives would shoot their husbands instead of enduring their abuse, it would be good for society."

Rowe was arrested after he had made threats against his wife in a quarrel with her. It was proved that the man had threatened her life. He was arrested on a charge of making threats against life.

### MOOSERS GO IT ALONE

Decide to Place Separate Tickets in the Field.

Omaha, Aug. 6.—Some seventy-five bull moosers of Omaha and other parts of the state met in a conference at the Paxton hotel and decided that the Progressive party shall at the next election place in the field complete state, congressional, legislative and county tickets, that the state chairman shall perfect the state organization preparatory to an educational campaign that is to familiarize the people with the doctrine of the Progressives.

Their resolutions call for a reduction of freight rates in Nebraska.

### FORAKER ON WITNESS STAND

Before Senate Lobby Committee Ohio Man Denies Mulhall's Story.

Washington, Aug. 6.—Congressional investigation of Martin M. Mulhall's story of his alleged lobbying activities for the National Association of Manufacturers took on a dual aspect when the special house committee began grinding on the thousands of letters already introduced before the senate committee and prepared to cross-examine Mulhall on his claims of influence with various representatives.

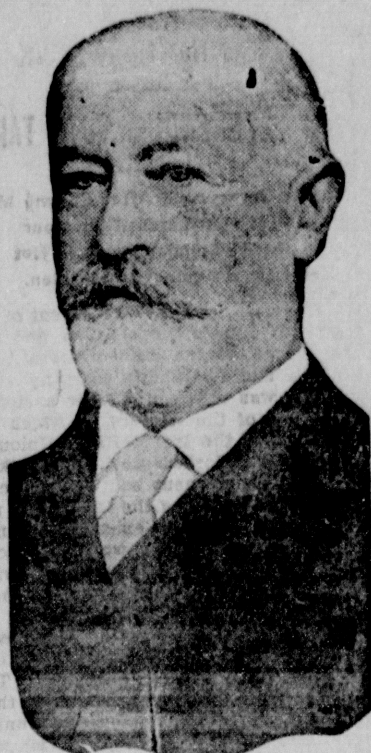

The senate committee having finished with Mulhall, began hearing some of the men referred to in his correspondence. Former Senator Foraker was the first and he generally denied Mulhall's claims of influence with him.

Son of Dead Woman Arrested. Kirksville, Mo., Aug. 6.—Milburn Chevalier, a grown son of Mrs. Ivy Chevalier, who, with her twelve-year-old daughter, was found murdered in their home, and Henry Thornton, a rejected suitor of Mrs. Chevalier, were arrested. Chevalier, the son, appeared indifferent when told of the crime. Thornton was accused of having made threats against Mrs. Chevalier.

Reinsch Named as Minister to China. Washington, Aug. 6.—Dr. Paul Samuel Reinsch of the University of Wisconsin was nominated by President Wilson for minister to China.

### JACOB H. SCHIFF.

His Alleged Contribution To the Sulzer Campaign Fund Is Being Investigated.

The Frawley legislative investigating committee is stirring up things in New York state. In its apparent desire to impeach the governor the committee introduced a check for \$2,500 which it alleges was sent by Jacob H. Schiff to swell the Sulzer campaign fund and which, according to the investigators, Mr. Sulzer failed to include in his schedule of receipts and expenditures filed in compliance with the corrupt practices act.

## RUSH OF CATTLE FROM DRY REGION

Cattle Receipts at Kansas City 46,000 in Two Days.

Kansas City, Aug. 6.—The in-rush of cattle to the Kansas City stock yards from dry sections of Nebraska, Kansas, Oklahoma and Missouri continues. For the last two days 46,000 cattle have been received, nearly twice as many as were received at the Chicago stock yards. Prices were 15 cents to 25 cents a hundred lower, making a drop of 50 cents to \$1.25 a hundred in the last ten days. Commission men said letters and telegrams from the stock raising districts were gloomy and indicated that unless rain came soon the flooding of the local cattle market would be continued.

### NEW WORLD'S RECORD MADE

Peter Volo Wins Two-Year-Old Trotting Division of Futurity.

Kalamazoo, Mich., Aug. 6.—When Peter Volo, driven by Murphy, won the two-year-old trotting division of the Horseman Futurity and the purse of \$3,000 at the Grand Circuit meet, he established a new world's record for two-year-old trotters, going the first mile in 2:09. The distance was made with ease, Murphy holding the colt back as he came down the stretch. The former record of 2:09 1/2 was made by Justice Brooks two years ago. In the second heat Peter Volo equalled the former record.

### Two Injured When Hotel Burns.

Philadelphia, Aug. 6.—The Blue Mountain house at Penmar was destroyed by fire. B. F. Metzger and Malcolm Frank of Norfolk were badly burned and bruised in attempting to escape. The fire started at 5 a. m. in the main building, driving the guests to the lawns in scanty attire.

### GRAIN AND PROVISIONS

## GREY EXPLAINS REFUSAL TO EXHIBIT

Has No Bearing on Controversy Over Canal Tolls.

London, Aug. 6.—The question of British participation in the Panama-Pacific exposition at San Francisco in 1915 was a subject of debate in the house of commons. Some criticism was expressed over recent action in this connection and the suggestion was offered that private enterprise might supply the impetus necessary to secure adequate British representation which the government declined to furnish.

Sir Edward Grey, secretary of state for foreign affairs, in a lengthy statement explaining the official attitude of the British government in the matter, maintained that the decision of the cabinet not to participate was entirely due to commercial considerations and had nothing to do with the controversy over canal tolls.

Sir Edward Grey said: "The expense was estimated at more than \$1,250,000 and such a sum would be quite out of proportion with any commercial advantages likely to result from it."

## Estes Park Colorado The Garden of Allah

A place where wild flowers carpet the ground, where the sweet, crisp, sparkling air makes the cheeks glow and the eye glisten, where trout abound and great glaciers lie hidden among the towering mountains, near the highest overhanging precipice in the world.

In Estes Park you can climb, play golf or tennis, ride, drive or motor, fish and camp out. You can live at a high class hotel or at one of many comfortable smaller houses, and at moderate cost.

It is the ideal place for children; it's the ideal place to rest and regain perfect health.

Let me send you a fine folder about Estes Park, with pictures and a good map, and all about the hotels, comfortable ranch boarding houses and the charges. Let me tell you about how to go, and about the low fare excursion tickets now on sale. I am paid to lend a helping hand. Let me attend to all the details. Call, or write for an Estes Park pamphlet—today before you forget.

## IT CLOSED TODAY

SUMMER SESSION JUST FINISHED  
MOST SUCCESSFUL TERM.

## WILL VISIT COUNTIES

Teacher From Normal to Visit Schools  
of Each County in Normal District  
in Interest of the School.

The summer term of the Normal closed today, after holding its most successful term. At the assembly this morning Ira Richardson, president of the school, gave a short address in which he praised the students on their conduct generally, on their interest in the school and on their faithfulness in their work. He also spoke that what was wanted was quality of work in the school instead of mere numbers, and with quality, a large attendance is assured. Mr. Richardson said: "Let everybody be a booster for the Normal."

The students who had finished the work this quarter outlined for life diplomas were granted their diplomas this morning by President Richardson. They were: Julia Denny, Elizabeth Hine, Lena Juanity Judy, Josephine Keeler, Elizabeth J. McCormick, Edith V. Neal, Laura Ozenberger, J. P. Ross, Donna Sisson, Lawrence A. Zeliff.

The students who finished the elementary course were read by President Richardson. They are:

Elementary certificate — E. R. Adams, Edna Bonewitz, Manie Burks, Eva Call, Grace Campbell, Amy Callahan, Margaret E. Collins, Elizabeth Cook, Amy Casebeer, Samuel Cox, Mae Davis, Faye Dryden, Grace Dunzy, Leora Eliwood, Elynn Ebersole, Marjorie L. Eicholson, Mabel Falke, Mary E. Falke, Mary Cordelia Halasey, Hatie Hall, Helen M. Helpy, Randall Johnson, Gretchen Jennings, Mrs. Arbel Lincoln, Wilda Lenzenby, Vesta Morris, Vivian Mossbarger, Mary Martin, Lucy B. Neville, Helen Nixon, Blanche Pollock, J. W. Pierce, S. C. Richeson, Henry D. Stewart, Mrs. Nettie Stuaft, S. W. Skelton, F. Esther Wilson, Alice Worst, Minerva M. Ward, Edith Wells, Myra Hope.

Special certificates — Miss Maye Hotchkiss, home economics; Verdia Miller, art.

Nearly all of the Normal students will leave for their homes this afternoon and evening.

The fall term of the school will begin September 15, which is a little later than usual. Beginning September 8 one Normal teacher will be placed in each county of the Normal district for the purpose of visiting as many schools as possible. A larger and better fall term is expected.

## BIG TENT IS UP.

Seats and Platform for Chautauqua  
Being Built and Everything Will  
Be Ready Opening Day.

With Chautauqua three days off, the big auditorium tent is up, the seats and platform are being built, the campers' tents will be put up as rapidly as possible, and the grounds are closed to all except those having business there. The gates are shut at night and automobiles or others cannot drive through the grounds.

A change has been made in the management of the dining tent. The women of the Methodist church, who were to have served the meals, could not get enough help and were forced to give up the management of the tent. It has been taken over by Albert Binter, who will hire his own force of cooks and waiters to prepare and serve three meals daily.

## JUST A FEW ON THE TOUR.

Seven Cars Made the Run to Burling-  
ton Junction and Clearmont  
Tuesday Evening.

Burlington Junction and Clearmont were the towns visited by the Chautauqua boosters Tuesday evening in the third of the twilight advertising tours. The excessive heat of the day caused many of the people who had intended to go to stay at home, so only seven cars made the trip. The band was taken along and played.

Those who went were Leo Atherton, Loyd Miles, Lou Denny, Paul Denny, Mel Atherton, Kirby Taylor, George Robb Ellison, Miss Susie Ellison, Mr. and Mrs. Ferdinand Townsend, Ed Schumacher, Mr. and Mrs. Ed Curfman and family, Mrs. Ed Dale, Mr. and Mrs. George Conrad, Mr. and Mrs. Arch Frank and daughter, John Lanning, Prof. T. B. Maulding, Paul Basford, Joe Brewer, John Bramble, Charles Thorp, Harold Maulding, Albert Butcherus, Joe Cannon, Leo Moody, William Osborn.

Another run will be made on Thursday evening by the Chautauqua boosters, when they will visit Skidmore, Maitland and Graham.

## APPORTIONMENT FINISHED.

Special Aid Measure for Weak High  
Schools Brings \$1,120 of State  
Money to Nodaway County.

W. M. Evans of Jefferson City, state superintendent of schools, has made the apportionment for the special aid fund for rural districts and high schools of the state under laws passed by the last legislature. In order to obtain this money the districts must have levied 65 cents on the assessed valuation for school purposes which does not enable them to maintain an eight months' school term. Not more than \$100 is apportioned to any one district.

The total amount of this state aid is \$159,730.60.

The total amount of the appropriation for weak high schools amounts to \$85,169.33. Of this amount, \$31,913.22 is unconditioned, while \$50,256.11 is on the condition that certain requirements be met by the high schools.

Nodaway county will receive \$1,120.71 from the state for a number of rural school districts.

Among the high schools receiving state aid and the amounts are the following: Barnard, \$340; Hopkins, \$600; Skidmore, \$720.

The following are the conditional high schools in the county and the amounts they will receive: Burlington Junction, \$540; Pickering, \$340.

## Died of Hardened Arteries.

O. E. Bugby, a day laborer of this city, died Tuesday afternoon at the home of his sister, Mrs. David McLarnon, East Second street. Mr. Bugby had been ill for a long time from the gradual hardening of arteries and veins. The funeral services were held Wednesday afternoon at 2:30 o'clock by Rev. J. D. Randolph of the Buchanan Street Methodist church. Burial took place in Miriam cemetery.

A brother of the deceased, E. M. Bugby of Omaha, is here for the funeral.

Miss Mary Baker of Trenton, Neb., who has been visiting her sister, Mrs. J. M. Northcutt, went to St. Joseph Wednesday morning to visit Mrs. James Roach.

Mrs. C. M. Shopbell of Pickering came Wednesday morning on a visit to her daughter, Mrs. Vern Dixon.

Clarence Neville of Lebanon, Kan., is visiting the family of his aunt, Mrs. W. A. Holliday.

## CONCERT TUESDAY

THE EMANCIPATION CELEBRATION  
STARTED THE DAY BEFORE.

## CROWDS CAME AT NOON

Celebration Held in the Court House  
Yard—Speeches by Nelson Crews  
and Dr. Ricketts.

The Emancipation Day celebration started Tuesday evening with a band concert by the First Regiment, K. of P., band of Omaha, which lasted until near 10 o'clock. This morning the celebrators were not much in evidence, and music by the band was the only thing in the way of a program. But by the time the noon trains arrived a good crowd had come to town, and this afternoon's program had a full attendance.

At 2:30 o'clock the speaking began. Hon. Nelson Crews of Kansas City and Dr. M. O. Ricketts of St. Joseph delivered the addresses. They were introduced by C. C. Baker of this city. This part of the program included a reading of the emancipation proclamation by Miss Isabel Palmer and a recitation on education by Miss Frankie Tillman.

At 4 o'clock the Black Wonders and Owls played ball in the Harrison park, east of town.

Tonight's entertainment will consist of a dance at the armory, a concert by the Maryville Concert band and a special picture show at the Empire theater.

Special cars of celebrators came in today from St. Joseph and Omaha. A large number of people came from Oregon in autos. Others came from Gallatin, Mo.; Gravity, Bedford and Blanchard, Ia.

## TO GET OUT A HISTORY.

A Narrative Account of the Progress,  
the People and the Principal Inter-  
ests to Be Written.

A history of Northwest Missouri, containing a narrative account of its historical progress, its people and its principal interests, will be issued soon under the editorship of Dean Walter Williams of the school of journalism, University of Missouri, Columbia. It will be issued in three volumes and will be illustrated.

Nodaway county will be represented in the history.

The advisory and contributing editors are C. L. Ficklin of Marysville, Rev. Edward Henry Eckle of St. Joseph, William H. Hamby of Chillicothe, Howard W. Mills of Mound City, Ray V. Denslow of Trenton, Mrs. S. E. Lee of Savannah, Col. W. T. Jenkins of Platte City, M. F. Stipes of Jamesport, H. F. Stapel of Rock Port, Edmund McWilliams of Plattsburg, J. W. S. Dillon of Grant City, Hon. Sam A. Clark of Carrollton, Floyd C. Shoemaker of Columbia, James Todd of Maryville, Jewell Mayes of Richmond and Rev. Dr. W. R. Dobyns of St. Joseph.

## FATHER ANSELM BETTER.

A Short Note From His Hand Tells of  
Regaining Strength.

Maryville friends received a brief note Tuesday from Rev. Fr. Anselm of St. Mary's church, assuring them of his improvement at the hospital in Lucerne, Switzerland.

The note was dated July 17 and he was writing during the ten minutes he was being allowed to sit up for the first time since his surgical operation. He sent love and kindest greeting to all his parishioners and friends.

A postscript added by Father Anselm's brother said he expected to remove Father Anselm to his mother's home July 24, and ten days later he would take him to the Lucerne Springs for the baths, which would quickly restore him. This is gratifying news to this good minister's friends.

## A RECEPTION TO TEAM.

The Wage Earners Class Gave One to  
Buchanan Street Sunday School  
Base Ball Team.

The Wage Earners class of the Buchanan Street Methodist church gave a reception Tuesday evening in the pastor's study to the members of the Sunday school team who are playing in the Sunday school base ball league. A social good fellowship time was had and the meeting was attended by thirty. Refreshments were served.

## PROCLAMATION.

Recognizing the benefits to be derived from well constructed highways, properly maintained at all seasons of the year, and bridges of permanent nature, safe at all times, and believing that much immediate and lasting benefit can be derived from concerted action and the inspiration gained by the knowledge that all have a part in giving a great impetus to so great a movement; and whereas, our good Governor Major has issued a proclamation designating August 20 and 21 as good roads days throughout the entire state, we, the county court of Nodaway county, issue this supplementary proclamation, designating August 20 and 21 as good roads days throughout Nodaway county.

Governor Major has personally urged that we do our best, and as we are already rated the banner agricultural county in the state, there is no reason why we should not have the best roads in the state.

We would urge township boards to outline the work and organize the crews before the day arrives. Also all roads should previously be cleaned of weeds and brush, that the work may progress with best results.

All business cares should be laid aside for the time, and let every man appear in person equipped with such tools as he can use for the betterment of the road.

We also endorse the governor's suggestion that the ladies lighten the labors by liberally supplying the workers with good things to eat and drink, and hope that all will enter into this work with a spirit that will make it both a pleasure and a profit and an event that we may be glad to repeat each year.

JOHN G. THORNHILL.

E. T. BAILEY.

FLOYD WESTFALL.

Judges County Court.

The above proclamation was issued Wednesday by the county court for good roads days, August 20 and 21, at which time work will be done on the roads in this county and also all over the state.

The court in session Wednesday approved the trustees' settlements of school money of S. B. Garnett of Monroe township, Fay H. Castelt of Jackson township, Grant Elrod of Lincoln, James Stewart of Grant, H. D. McDonald of Green, W. E. Brittain of Washington.

The court granted a saloon license to John Kane on Wednesday. The license is for six months.

The court ordered that the W. A. Edwards application for a private road in Hopkins township be granted. The report of the special commission, composed of H. E. Wright, T. L. Wilderman and George Hartley was approved.

## ON EASTERN TRIP.

Mr. and Mrs. G. B. Holmes and Dr. and Mrs. D. R. MacLeod to Visit  
Many Points There.

Mr. and Mrs. G. B. Holmes and Mr. and Mrs. D. R. MacLeod will leave Saturday, August 16, for a few weeks' visit in the east, during which time Mr. Holmes and Dr. MacLeod will attend the annual convention of the agents of the North American Life Insurance company at Alexandria bay, on the St. Lawrence river. They will join the special car at Kansas City and go to Chicago, at which place they will take the company special train over the Michigan Central. A stop will be made at Niagara Falls, and from that place they will go over the Gorge Route for Lewiston and take the boat there for Toronto. From Toronto a boat will be taken to Alexandria bay, where the convention will be held. Mr. and Mrs. Holmes will also visit at Troy, N. Y., with Mr. Holmes' sister, Mrs. James I. Eddy.

Dr. and Mrs. MacLeod will make the return trip by boat from Buffalo to Detroit.

## DEATH OF MRS. ED SHREVE.

Pickering Woman Passed Away  
Wednesday Morning After a Long  
Illness—Funeral Thursday.

Mrs. Ed Shreve died Wednesday morning at 2 o'clock at her home, two miles northwest of Pickering, after an illness of many weeks, of a complication of diseases. She was about 32 years of age. She is survived by her husband, her parents, Mr. and Mrs. Paul Rannels, and a brother, Walter Rannels, all of Pickering.

The funeral services will be held Thursday morning at 11 o'clock at the M. E. church of Pickering, conducted by Rev. H. J. Ducker.

## AUTO ACCIDENT NEAR GRAHAM.

Car of John Hansen Backed With  
Family Into a Ditch—Mrs. Hansen  
and Daughter Have Broken Arms.

As John Hansen and his family of near Graham were returning to their home from Graham Tuesday evening about 7:30 o'clock, the engine of their car stopped as they went over a bridge. Mr. Hansen got out to start the engine, when the car backed into a ditch and turned completely over, pinning Mrs. Hansen and their six children under the car.

Mrs. Hansen had one of her arms broken in two places and one of the little girls had one of her arms broken. The others escaped with severe bruises, and Mr. Hansen was uninjured, other than a severe shock from the fright he endured when he thought his family was killed or fatally injured. The accident occurred three miles east of Graham.

## HEAT RECORD BROKEN.

Thermometer Reached 108 at 4 o'clock  
Tuesday and Smashed Previous  
August Records.

The heat record was broken Tuesday for this summer, when the government thermometer registered 108 degrees at 4 o'clock. During the twenty years that the weather records have been kept, 108 is the highest mark that has been registered, once on July 5, 1911, and the other time was Tuesday. However, the record Tuesday is the highest for the month of August since the record has been kept.

On Tuesday the thermometer registered 105 at 1 o'clock, at 2:30 o'clock it was 106, and at 4 o'clock 108.

Up to the present time there have been nine days this summer when the thermometer has been 100 or above. These days are as follows:  
July 14.....100 July 29.....103  
July 15.....101 July 30.....103  
July 16.....105 August 4.....100  
July 17.....100 August 5.....108  
July 26.....102

The weather today is much cooler and the forecast is still for fair weather. It was 94 at 2 o'clock this afternoon.

## HAVE A SICK BENEFIT.

Wage Earners Class of Buchanan  
Street M. E. Church Establishes  
Insurance Feature.

A Sunday school class with sick benefit insurance for its members, such is the Wage Earners class of the Buchanan Street Methodist church, the insurance feature going into effect this week. There are now fourteen applications and many others will join shortly.

The organization in charge of the insurance feature is known as the Wage earners sick benefit insurance. The officers are M. A. Peery, president; J. H. Thorp, vice president; Fred Truitt, secretary treasurer, and R. E. Hamilton, medical examiner.

A medical examination has to be passed before any one can become a member, and the examination is along the lines as required by lodge insurance companies. Any member of the Buchanan Street Methodist church Sunday school between the ages of 15 and 60 can become members. The assessments per member will be 50 cents until the membership reaches a certain number, when the assessments will be cut down, according to an established schedule. For instance, if one member is sick and there are fourteen members in the organization, he will receive \$7.

The Wage Earners class of that church has become well known on account of its social good time and fellowship. In addition to its meeting every Sunday morning, a weekly meeting is also held.

Mrs. Clara Stewart, living north of Maryville, returned Wednesday morning from a visit at Hopkins with Mrs. J. I. Downer.

## ON SAMMY'S PONY

MISS NELLIE WRAY VISITS SCENE  
OF FAMOUS NOVEL.

## EXPLORED PETE'S CAVE

Harold Bell Wright's Great Story Will  
Have New Significance For Vis-  
itor in South Missouri.

J. Arthur Wray received a letter this morning from Miss Nellie Wray, who has been spending her vacation in the Ozarks with Curtis Wray and family at Springfield, Mo. She wrote that she would be home Friday.

In the letter Miss Wray tells of a trip she took out of Hollister, Mo., over the "Shepherd of the Hills Trail." Harold Bell Wright's novel, "The Shepherd of the Hills," has its setting laid in the country around Hollister, and the trail has become famous since the appearance of the book. The originals of some of the characters in the book live there and are objects of interest to all tourists.

Miss Wray said that she made the trip on Brownie, alleged to be Sammy Lane's own pony. The Lane cabin was visited, dinner was taken at the Mathews place, and Pete's cave was explored. The cave is an interesting place, and in some parts extends 500 feet below the surface of the ground.

The nights are so cold there that blankets have to be used, Miss Wray said, and she added that she had been feasting on an abundance of ripe peaches and grapes.

## THE BARNARD PICNIC.

Will Open Thursday for a Three Days'  
Session—Ladies Band to En-  
rich the Music.

Arrangements are nearly all completed for the Barnard picnic, which opens Thursday and continues until Saturday evening.

The committees who have the picnic in charge announce that they have every reason to believe that this year's picnic will exceed all previous picnics in attendance and a general good time. There are more strangers in Barnard at the present time than any previous year, some of them from Colorado. The Barnard annual picnic is always a home-coming time, too, for former residents, and they have commenced coming earlier this year than usual.

The concessions on the picnic grounds west of the town have been sold at a higher price than ever before, and applications were still coming in Wednesday afternoon. There is but one possible hindrance to a large attendance, and that is the dry weather, which may keep many from coming.

The program has not been fully assembled and the speakers will not be announced until Thursday. The first day will be given over to the people to do with as they please, and the Maryville Ladies Military band will give three concerts and furnish the music for the two following days.

The Alexanders, in comedy acrobatic feats will give morning and evening performances, and the Jubilee trio will give a program morning, afternoon and night, of singing, dancing and banjo playing each of the three days.

## Death of a Baby.

Mr. and Mrs. Will Partridge, living near Pickering, are bereaved of their infant child, whose death occurred Wednesday morning. The funeral services will be held at the Partridge home, two and a half miles southeast of Pickering, Thursday afternoon at 2 o'clock.

Red letter days in Missouri—August  
20th and 21st.

Meet me at the worst place in the  
big road, Wednesday and Thursday,  
August 20th and 21st.

Let everybody get the good road  
fever. Lay out the work to be done  
and assign every man to his place, to  
the end that there may be no delay or  
lack of system. Make every hour of  
those two August days count for bet-  
ter roads.

#### It Depends On Roads.

In stirring up Missouri on the good  
roads question, Governor Major is not  
introducing any dangerous innovation.  
He is simply going back to first prin-  
ciples. The story of victorious civiliza-  
tion is the story of its roads.

Of all ancient peoples, the Romans  
scarred the record of their power and  
dominion most deeply upon history, for  
they built the best roads. The Roman  
Forum began as a market place in a  
low spot among hills, which grew up  
on either side of a cobblestone road—  
the "Golden Way." Poor as that high-  
way was, it was centuries ahead of the  
best contemporary road making else-  
where. The power of Rome grew  
with the extension of its roads until  
the Golden Milestone in the center of  
the Forum was at once the starting  
point and the destination of the great-  
est and best road system of ancient or  
modern times. The real advance agent  
of Roman civilization was not the leg-  
ionary; it was the road engineer. The  
secret of Roman military greatness  
was not in the stones of its fortifica-  
tions; it was in the paving blocks of  
its roads.

We Americans have developed the  
most efficient railroads and the worst  
country roads on the globe. In rail-  
roads capable of handling a large ton-  
nage economically, we lead the na-  
tions; in the average goodness of our  
rural highways, we are generations  
behind the Incas, those enlightened  
barbarians whom Pizarro found  
threading the canons and climbing the  
slopes of the Andes in the dawn of  
the sixteenth century. From popula-  
tion center to population center Amer-  
ican transportation is excellent; from  
field to population center it is execra-  
ble. Our civilization's great task to-  
day is the evening up of the excellence  
of our transportation facilities by  
making our roads worthy of our rail-  
roads.—St. Louis Republic

#### DEATH AT QUITMAN.

Mrs. Ruth Davis of That Place Dies  
After an Illness of Thirty Years—  
Funeral Thursday Morning.

Mrs. Ruth Davis died Tuesday even-  
ing about 7 o'clock at her home in  
Quitman, from an attack of cholera  
morbus, which was the direct cause of  
her death, although she had been ill  
for thirty years from a cancer on one  
of her shoulders.

The funeral services will be held  
Thursday morning at 9 o'clock at the  
Christian church in Quitman, con-  
ducted by Rev. Polly of Skidmore.  
Mrs. Davis had been a member of the  
Christian church for over fifty years.

Mrs. Davis' maiden name was Ruth  
Roberts. She was born in Vermillion  
county, Indiana, July 25, 1835. When  
9 years old she moved with her par-  
ents to Nodaway county, Missouri. On  
September 25, 1857, she was married  
to Mahlon Davis of Quitman, and she  
had lived in and near Quitman ever  
since that time. The husband's death  
occurred seven years ago. Five chil-  
dren survive and were at their  
mother's bedside when she passed  
away. They are Mrs. Laura Fountain  
of Denver, Col.; Henry and Sanford  
Davis, who made a home for their  
mother at Quitman; William Davis of  
Rock Port, Mo.; and Mrs. W. J. Smith  
of Eureka, Cal. Beside these Mrs.  
Davis leaves six grandchildren, eight  
great grandchildren and four brothers  
and four sisters; John Roberts, ad-  
dress unknown; William Roberts, in  
Iowa; Henry Roberts, in Kansas; Da-  
vid Roberts, in Oregon; Mrs. Betsy  
VanSickle of Elmer, Mrs. Barbara  
Jones, in Iowa; Mrs. Susan Watson, in

#### EXPOSES FOOL'S GOLD FRAUD.

State Geologist Explains Frequent  
Mistakes in Minerals.

The following bulletin is issued by  
the Missouri bureau of geology and  
mines:

Fortunes have been wasted in fu-  
tile attempts to mine "fool's gold" and  
thousands of dollars are spent annu-  
ally in an endeavor to develop prop-  
erties upon which rocks or minerals  
occur having the appearance of valu-  
able metals or having been reported  
as valuable by unscrupulous pro-  
moters and assayers.

Missouri has a variety of such min-  
erals and rocks, according to State  
Geologist H. A. Buehler and fake pro-  
motions have been made in this state  
on the similarity of appearance.

One of the most stupendous frauds  
perpetrated in Missouri was the great  
tin mine promotion in the granite re-  
gion of southeast Missouri, many years  
ago. One of the dark, fine grained  
igneous rocks which resembled tin ore  
was passed off as valuable to unsus-  
pecting citizens and fortunes were  
squandered in stock before the fake  
was discovered.

Hundreds of specimens, received  
from citizens throughout the state, are  
examined yearly by the state geologist  
free of cost. Many of these prove val-  
uable and indicate deposits of com-  
mercial size while others are samples  
which only have the color or appear-  
ance of important minerals and look  
like copper, gold, silver or iron.

The yellow color of pyrites of iron,  
commonly known as "fool's gold," has  
caused the waste of thousands of dol-  
lars on useless prospecting. Yellow  
stain on rocks is frequently taken for  
gold and small specks of yellow mica  
in sandstones and decomposed gran-  
ites have caused much excitement in  
many parts of the state.

The white micas, a sulphide of  
iron, has a metallic color much like  
native silver. It is often confused  
with this metal but can easily be told  
by the fact that it will break to a  
powder when struck with a hammer,  
while silver is malleable and will flat-  
ten into a sheet. The silver produced  
in Missouri is contained in small quan-  
tities in the lead ores and its presence  
can only be determined by an assay.

Oxidized ores of copper are found  
in the southern part of the state and  
the green color of this mineral is  
striking, yet many of the green silicate  
minerals are often taken for copper  
ore. The copper ore will dissolve in  
acid and will deposit copper on a nail  
placed in the solution. The silicate  
minerals will not respond to this test.

Chert and limestone are frequently  
mistaken for other more or less val-  
uable minerals. The white chert is  
often taken for "tuff" or "heavy spar,"  
as barite is ordinarily called. This  
mineral is white and similar to pure  
chert but is much heavier. Both lime-  
stone and chert are sometimes mis-  
taken for the white carbonate of zinc  
and lead sulphate or "dry bone."

Many oil excitements are the result  
of finding a small seum on the surface  
of stagnant pools having every appear-  
ance of kerosene. The seum is the re-  
sult of iron in the water and is in no  
way connected with oil or gas pools.  
If collected in a glass or bottle this  
material soon sinks to the bottom as a  
brownish-red precipitate while crude  
oil will continue to float. This simi-  
larity to an oil seum is often used by  
the promoter to show the presence of  
oil.

The state geological survey at Rolla,  
Mo., is maintained for the purpose of  
giving the citizens of the state accu-  
rate information regarding our min-  
eral resources. Samples sent this bu-  
reau will be examined and their prob-  
able value determined free of cost.

#### ALFALFA SPECIAL IN COUNTY.

Stops Made at Clearmont, Burlington  
Junction, Quitman and Skidmore.

The alfalfa special is in Nodaway  
county again, this time in the west  
half. Clearmont was the first stop  
made today. The train was there from  
8 a. m. to 10 a. m. The rest of the  
day's schedule was Burlington Junc-  
tion, 10:30 to 12:30; Quitman, 1:30 to  
3:30; Skidmore, 4 to 6; Maitland, 7:30  
to 9:30.

Four meetings were held at Clear-  
mont this morning. One in town, and  
the others at the farms of Jake Burch,  
William Lemon and C. S. Johnson.  
They were all well attended.

A Burlington Junction thirteen  
autos met the train to take the speak-  
ers to the farms of C. D. Caldwell,  
Elias East and Albert Shackelford,  
where many farmers were waiting to  
hear them.

The meetings at Quitman were be-  
ing held at the time this paper went  
to press.

#### BARNARD ITEMS.

Mr. Arthur Straitor, who has been  
sick for the past three weeks, is now  
in a very critical condition. Unless his  
condition is changed immediately he is  
not likely to recover.

Prof. Hooper, who is the principal  
of our school here for the coming year,  
returned yesterday with his wife. They  
have been visiting in Ohio and Penn-  
sylvania most of this summer.

Rev. Dewitt is expected to return  
from Colorado with his daughter Zella  
within the next week.

Rev. N. E. Bottom, pastor of the M.  
E. church of Bolekow, Mo., will preach  
at the M. E. church in Barnard, Mo.,  
Sunday, August 10, both morning and  
evening. Rev. W. E. Royston will also  
preach in Bolekow on that day, as  
both pastors arranged the change  
some time ago.

Mr. Tommie Hubbard, who acci-  
dentally got his limb cut very badly  
last Thursday, is getting so he can get  
about again.

Mr. Charles Humbert has been on  
the sick list for the past few days, but  
was able to go on the mail today.

Many of the people are arranging to  
attend the Maryville Chautauque from  
here. The people were very well  
pleased with the talent furnished by  
the Jones system at the Chautauque  
here, but they are pleased that they  
may have the opportunity of attending  
a larger and stronger Chautauque as  
represented in Maryville.

Dr. Thompson, who has been away  
to Chillicothe, Mo., studying telegra-  
phy, has returned home for a few days'  
visit.

Mr. Jake Deering and wife of Okla-  
homa City, Okla., are visiting at Mrs.  
Emma Deering's this week.

## PHONE STRIKE IS SETTLED

Maintenance Men and Girl Oper-  
ators Return to Work.

**NO REFERENDUM VOTE TAKEN**

Result Announced After Stormy Meet-  
ing of Strikers—Eight-Hour Day  
Granted—Companies Will Not Dis-  
criminate Against Union Men.

St. Louis, Aug. 6.—Settlement of the  
strike of maintenance men and girl  
operators of the Southwestern Tele-  
graph and Telephone company (Bell  
lines) was announced after a stormy  
meeting of the strikers, in which the  
officials of the International Union of  
Electrical Workers told the strikers  
that the settlement had been effected  
without submitting the terms to a re-  
ferendum vote. The executive commit-  
tee of the union, it was announced,  
had authority to settle the strike with-  
out a referendum, and such settlement  
had been made.

The strike has been in effect seven  
weeks and resulted from the dis-  
charge of thirty-two operators. The  
leaders of the union claimed that they  
had been discharged because of union  
activity and that their dismissal was  
an attempt on the part of the com-  
pany to prevent the organization of the  
girl operators. About ten or fif-  
teen of these girls, it is announced,  
will not be taken back.

The terms of settlement provide:  
That the striking girls singly should  
make applications for reinstatement  
at the exchange where they last  
worked and that the maintenance men  
should make application singly at the  
main office; that the eight-hour day  
be placed in effect; that those who did  
not perform overt acts against the  
company and were not convicted by  
the courts will be given preference up-  
on applications for reinstatement, but  
without discrimination against holders  
of union cards as such.

### BANK EXAMINER AT WORK

McAdoo Seeks Proof to Sustain  
Charges Against Bankers.

Washington, Aug. 6.—Secretary Mc-  
Adoo is conducting an investigation to  
obtain evidence to sustain his charge  
that the recent sharp decline of United  
States 2 per cent bonds was due  
"almost wholly to what appears to be  
a campaign waged with every indica-  
tion of concerted action on the part of  
influential New York city banks to  
cause apprehension and uneasiness  
about these bonds, in order to help  
them in their efforts to defeat the cur-  
rency bill."

National Bank Examiner Starek, in  
New York city for several days, has  
been collecting data concerning pur-  
chases and sales of the 2 per cents by  
the big banks of New York, with the  
purpose of determining, it is under-  
stood, whether there has been any un-  
usual transactions in those securities.  
By the attacks on the secretary for ex-  
pressing the opinion of a probable con-  
certed effort in New York city to de-  
press the 2 per cents, and demands  
for his proof.

Resolutions to investigate the situa-  
tion are pending in congress and it is  
thought the secretary is preparing  
himself for inquiry, if it is ordered.

### Lightning Splinters Bed.

LaCrosse, Wis., Aug. 6.—George Bar-  
ber, well to do Mindoro business man,  
is a sound sleeper. There was a ter-  
rific storm at Mindoro, fifteen miles  
above here, and a bolt struck the room  
in which Barber was sleeping, tear-  
ing the plaster from the walls and  
splintering the bed on which he lay.  
The family rushed to his room, ex-  
pecting to find him dead, but found  
him sleeping and uninjured. When  
awakened he complained of "bad  
dreams."

### Two Russian Aviators Killed.

St. Petersburg, Aug. 6.—Two Rus-  
sian military aviators, Lieutenant  
Polikarpoff and his mechanic, were  
killed at the Krasnovo Selo camp  
when a wing of their aeroplane broke  
at a great altitude. The machine  
turned over and threw them out.

### Athabasca Has \$750,000 Fire.

Athabasca Landing Alta., Aug. 6.—  
Fire, which started in the rear of the

## CURRENCY BILL IS APPROVED

### Measure Emerges From Conference With Three Blackballs.

### ELEVEN MEMBERS ARE FOR IT

Senator Hitchcock of Nebraska Says Mere Agitation of the Question During This Session of Congress Has Been a Mistake.

Washington, Aug. 6.—The administration currency bill, still further amended in important particulars, emerged from the Democratic conference of the house banking and currency committee over the protests of Representatives Neeley of Kansas, Eagle of Texas and Ragsdale of South Carolina. At the end of a lively session, in which the Democratic objectors promised to carry their fight to the floor of the caucus next Monday, the Glass bill was approved by a vote of 11 to 3.

Earlier in the day President Wilson's currency program had come in for open criticism in the senate. Senator Hitchcock, Democratic member of the currency committee of that body, in a speech directed against the plan for currency reform, at this session, said he believed "the mere agitation of the banking and currency question at this session has been a mistake."

### BONDED WAREHOUSES FULL

Tariff Legislation Responsible for Great Stocks on Hand.

Washington, Aug. 6.—Bonded warehouses at various ports in the United States are fairly bursting with the great stocks of foodstuffs and merchandise awaiting withdrawal by their owners. The facts are set forth in a statement by the bureau of foreign and domestic commerce, which declares that goods to the value of \$105,928,884 were in the warehouses June 30 last, as against stocks to the value of \$72,246,878 June 30, 1912. Two-thirds of the treasure is in the government's possession in the port of New York.

Sugar, leaf tobacco and raw wool make up a heavy part of the stores. Chemicals, manufactures of fiber, chiefly burlaps and linens; silks, fruits and nuts and manufactures of iron and steel also are heavily represented. The approaching enactment of tariff legislation by congress is held responsible for the great stocks on hand.

### ADVISED TO USE SHOTGUNS

"Good for Society if More Wives Shoot Abusive Husbands," Says Judge.

Oakland, Cal., Aug. 6.—"I advise you to get a shotgun and fill it full of buckshot, and if you have reason to believe that this man is going to shoot you, kill him first," said Judge R. B. Tappan of Alameda, in the local police court, in advising Mrs. Minnie Rowe. "If more wives would shoot their abusive husbands instead of enduring their abuse, it would be good for society."

Rowe was arrested after he had made threats against his wife in a quarrel with her. It was proved that the man had threatened her life. He was arrested on a charge of making threats against life.

### MOOSERS GO IT ALONE

Decide to Place Separate Tickets in the Field.

Omaha, Aug. 6.—Some seventy-five bull moosers of Omaha and other parts of the state met in a conference at the Paxton hotel and decided that the Progressive party shall at the next election place in the field complete state, congressional, legislative and county tickets, that the state chairman shall perfect the state organization preparatory to an educational campaign that is to familiarize the people with the doctrine of the Progressives.

Their resolutions call for a reduction of freight rates in Nebraska.

### FORAKER ON WITNESS STAND

Before Senate Lobby Committee Ohio Man Denies Mulhall's Story.

Washington, Aug. 6.—Congressional investigation of Martin M. Mulhall's story of his alleged lobbying activities for the National Association of Manufacturers took on a dual aspect when the special house committee began grinding on the thousands of letters already introduced before the senate committee and prepared to cross-examine Mulhall on his claims of influence with various representatives.

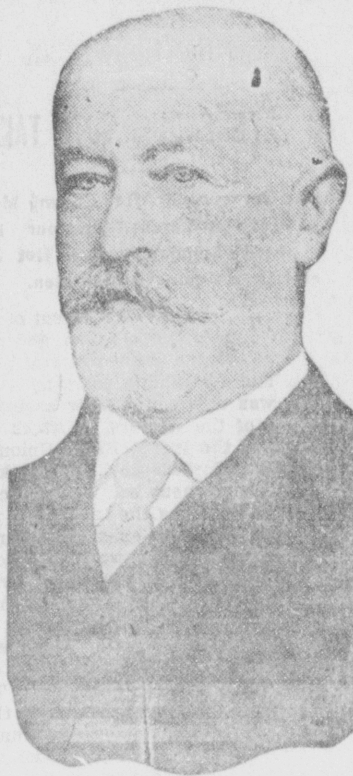

The senate committee having finished with Mulhall, began hearing some of the men referred to in his correspondence. Former Senator Foraker was the first and he generally denied Mulhall's claims of influence with him.

Son of Dead Woman Arrested. Kirksville, Mo., Aug. 6.—Milburn Chevalier, a grown son of Mrs. Ivy Chevalier, who, with her twelve-year-old daughter, was found murdered in their home, and Henry Thornton, a rejected suitor of Mrs. Chevalier, were arrested. Chevalier, the son, appeared indifferent when told of the crime. Thornton was accused of having made threats against Mrs. Chevalier.

Reinsch Named as Minister to China. Washington, Aug. 6.—Dr. Paul Samuel Reinsch of the University of Wisconsin was nominated by President Wilson for minister to China.

### JACOB H. SCHIFF.

His Alleged Contribution To the Sulzer Campaign Fund Is Being Investigated.

The Fraxley legislative investigating committee is stirring up things in New York state. In its apparent desire to impeach the governor the committee introduced a check for \$2,500 which it alleges was sent by Jacob H. Schiff to swell the Sulzer campaign fund and which, according to the investigators, Mr. Sulzer failed to include in his schedule of receipts and expenditures filed in compliance with the corrupt practices act.

## RUSH OF CATTLE FROM DRY REGION

Cattle Receipts at Kansas City 46,000 in Two Days.

Kansas City, Aug. 6.—The in-rush of cattle to the Kansas City stock yards from dry sections of Nebraska, Kansas, Oklahoma and Missouri continues. For the last two days 46,000 cattle have been received, nearly twice as many as were received at the Chicago stock yards. Prices were 15 cents to 25 cents a hundred lower, making a drop of 50 cents to \$1.25 a hundred in the last ten days. Commission men said letters and telegrams from the stock raising districts were gloomy and indicated that unless rain came soon the flooding of the local cattle market would be continued.

### NEW WORLD'S RECORD MADE

Peter Volo Wins Two-Year-Old Trotting Division of Futurity.

Kalamazoo, Mich., Aug. 6.—When Peter Volo, driven by Murphy, won the two-year-old trotting division of the Horseman Futurity and the purse of \$3,000 at the Grand Circuit meet, he established a new world's record for two-year-old trotters, going the first mile in 2:09. The distance was made with ease, Murphy holding the colt back as he came down the stretch. The former record of 2:09½ was made by Justice Brooks two years ago. In the second heat Peter Volo equalled the former record.

### Two Injured When Hotel Burns.

Philadelphia, Aug. 6.—The Blue Mountain house at Pennmar was destroyed by fire. B. F. Metzger and Malcolm Frank of Norfolk were badly burned and bruised in attempting to escape. The fire started at 5 a. m. in the main building, driving the guests to the lawns in scanty attire.

## GREY EXPLAINS REFUSAL TO EXHIBIT

Has No Bearing on Controversy Over Canal Tolls.

London, Aug. 6.—The question of British participation in the Panama-Pacific exposition at San Francisco in 1915 was a subject of debate in the house of commons. Some criticism was expressed over recent action in this connection and the suggestion was offered that private enterprise might supply the impetus necessary to secure adequate British representation which the government declined to furnish.

Sir Edward Grey, secretary of state for foreign affairs, in a lengthy statement explaining the official attitude of the British government in the matter, maintained that the decision of the cabinet not to participate was entirely due to commercial considerations and had nothing to do with the controversy over canal tolls.

Sir Edward Grey said: "The expense was estimated at more than \$1,250,000 and such a sum would be quite out of proportion with any commercial advantages likely to result from it."
